

Subject: Letter of recommendation

Balaruc les Bains, 15 September 2023

To whom it may concern:

As part of his training at an engineering school specializing in fisheries and environmental sciences majoring in Aquaculture, we had the pleasure of welcoming Mr. BENDAG Slim to our company over July-August 2017 and July-August 2018.

During his first internship, he learned about the recirculating circuit, spending a week in each unit to learn how a closed circuit works and how to manage the different tasks of a RAS (Recirculating Aquaculture System).

The second internship focused on the larval unit. Camille GAY, the production manager of our larval unit, mentored and explained the entire process to Mr. BENDAG in detail.

Mr. BENDAG worked seriously and professionally during his internships. During this period, he was able to adapt quickly, and demonstrated rigor and motivation.

I remain at your entire disposal for any further information you may require. Please accept, Madam, Sir, the expression of my sincerest regards.

Camille LAHMAMSI

Human resources manager
